A wood fired pizza restaurant, rolling!

The Forge Pizzeria is a local Ballarat restaurant, built on the idea of the hard working blacksmith and rustic appeal of the blacksmith shop, just like our grandfather's. It's quality craftsmanship, deli style ingredients and a gourmet taste delivered on a pizza... and now it's on wheels.

Our rolling oven brings food to life. Imagine watching your pizza being stretched, made and cooked fresh in front of you in less than 4 minutes. It's the way we like our food - tasty, authentic and honest. It's fresh, healthy and woodfired.

The rolling oven can handle the volume, it's the passionate team that comes with it that will make The Forge Pizzeria work specifically for your event. To discuss how we can set-up to suit your next event please contact us as soon as possible on 03 5337 6635
